What is Teampay?

Teampay is an application for senior teams downloadable from the Google Play or App Store designed to make paying game fees for game nights easier.

It has functions such as splitting the game fee, notifying organisations of forfeits and various others. Teampay is compulsory for all senior teams who participate in Senior Competitions at the KDBA.

When the Team Manager/Organiser is setting up Teampay they will need a code from the Kalamunda and Districts Basketball Association to view their personal team on the dashboard. You can have multiple Team Organisers and Managers.
